

# Friends of EverBloom

## Mission Statement

Friends of EverBloom's mission is to positively contribute to the overall health and function of Lake Bloomington and Evergreen Lake and their associated watersheds while using the idea of enhancement, restoration and protection of fish and aquatic species, sustainability plans for these ecosystems and associated watersheds, and enhanced public awareness of conservation issues surrounding these lakes as guiding principles.

## Who We Are

We are a wide variety of local outdoors people who enjoy Lake Bloomington and Evergreen Lake in Central Illinois and are working to make it better by enhancing access, improving water quality and habitat in both lakes.

Normal IL 61761

## What We Do

- Protect, restore and enhance fish habitat in Evergreen Lake and Lake Bloomington to support productive fisheries and healthy aquatic ecosystems.
- Help manage Evergreen Lake and Lake Bloomington to provide, protect, and enrich quality of life for those utilizing these reservoirs.
- Develop and foster partnerships that implement landscape-scale approaches to the conservation of fish habitat in the two lakes.
- Develop and foster partnerships that implement best conservation practices to ensure better water quality.

## Projects

Everyday, we develop and work on projects that will protect and restore the environment at Lake Bloomington and Evergreen Lake. Below are some of the projects we have completed or are currently working on.

- Creating and placing recycle boxes for plastic baits.
- Preventing shoreline erosion by adding riprap to both lakes.
- Installing wood duck boxes.
- Propagation and establishment of native aquatic vegetation.
- Adding luncker structures for fish habitat.

## Become a Member

Membership year runs January 1–December 31, 2016
